"Stand in a porch at night; sleep in a packing box, but never become a pauper."
"Run after work; it won't run after you."
"I regret the tendency to the increase of higher education for the masses."
"The vast majority of young men spend too many years of their youth in the class room."
"It does no good to cram the mind full of knowledge that will not help a young man in the work he is fitted to do."
"A boy who has the push to succeed in life will succeed without the higher education."
"There is growing up a wall of caste, with honest labor on the one side and frivolous gentility on the other."

PORT WARDEN SUES WIFE.

Robert B. Miller Wants a Divorce—Co-Respondent a Lawyer.

Robert B. Miller, Port Warden of New York, to-day instructed his lawyer to begin proceedings for absolute divorce against Mrs. Miller. He names as the co-respondent M. D. Barnes, of 181 Charles place, Brooklyn, a lawyer in the Mills Building, this city.

Mrs. Miller has been spending the summer at the Manises House, Block Island, where Barnes also has been on a vacation. Suspecting that all was not right, Mr. Miller secured the services of Deputy Sheriff Fred E. Booth, of Suffolk County, and Booth went to the Manises House on Saturday last as a guest.

He learned that Mrs. Miller and Barnes were going to New York Sunday night on the steamerboat Shinnecock, and he telegraphed Mr. Miller to meet the boat at the last landing, Orient, L. I. Mr. Miller was there at 10 o'clock Sunday night.

A watch was kept on the staterooms occupied by the suspected couple, and at 4 o'clock in the morning the door of Mrs. Miller's room was broken in. Mr. Miller says he found ample evidence to justify his suing for divorce.

Barnes' wife is a physician. When informed of the scandal to-day she said she would sue for divorce, and at once communicated with Lawyer Frank Moss.

Barnes and Mrs. Miller were employed as stenographers in the law firm of Stetson, Jennings and Russell, at 15 Broad street. Mr. Martin married the woman two years ago, but she still maintained her position.

Mr. Miller has engaged Lawyer G. W. Stevens, of 112 Nassau street, to conduct the divorce proceedings.

United States Will Demand Sufficient Indemnity to Support Families of the Killed.

WASHINGTON, Aug. 14.—A high Government official said to-day that the indemnity which the United States would demand for every American citizen killed or maimed by the Chinese during the present trouble would be sufficient comfortably to support their families for the remainder of their lives.

"This Government does not want a province, a town, village or a single square foot of Chinese territory as indemnity," said the official, who is close to the President. "There is but one indemnity which they can give our people and that is a monetary indemnity to the families of their American victims. For every one of these, China must pay a sufficient sum to keep their families from want during their lives."

"This Government will exact assurances of a satisfactory character that such a state of affairs as now exist in China shall not again occur. The nature of these assurances will be determined later."

"The collection of indemnity may prove difficult, and it may be decided, although so far the proposition has not been considered, to station warships in the harbors of the principal cities and officials within these cities to watch the revenues and protect the interests of the United States, by taking charge of such revenues and reserving some portion of them to apply to the indemnity."

"In addition to requiring assurances of a permanent restoration of order a small body of troops may be necessary to protect the officials stationed at these ports. If this plan shall be adopted the different allies doubtless will co-operate."

"Effort will be made, of course, to trace the responsibility for the recent outrages, but it will be a difficult task, as there will be little disposition among the Chinese to tell the truth, especially when it would implicate one of their number."

"The Chinese cannot be punished indiscriminately for the atrocities, but wherever such offense is fixed on an individual, high or low, his punishment will be required. If it can be shown that orders for the hostilities were issued by the Empress Dowager or the Emperor their deposition is certain and another government will be set up. If Tuan is proved to have ordered the outrages the severest punishment may be accorded him."

CIPHER MESSAGE IS KEPT SECRET.

WASHINGTON, Aug. 14.—The State Department at noon to-day received a cipher cable message from Minister Conger at Peking. It was forwarded by the Chinese authorities to Minister Wu, who promptly communicated it by Secretary Chung to the State Department. Mr. Acheson, the acting Secretary of State, immediately consulted Secretary Root. No statement was made as to the contents of the message. It was considered to be a reply to the last dispatch of the State Department to Minister Conger, but the officials refused to make its contents public.

At the same time, if the rapid anti-

foreign sentiment is in control in Peking, as all adverse recent to indicate, it would not be surprising if China relied on force to the last to check the advance of the internationalists.
